

Executive Proclamation

State of South Dakota

Office of the Governor

Whereas, There are a significant number of citizens in the state of South Dakota who are currently medically underserved for a number of reasons, the most prominent of which include geographic isolation, financial barriers, lack of adequate health insurance, and an insufficient supply of health care providers; and,

Whereas, Community Health Centers (CHCs) are private, nonprofit corporations that provide high quality, affordable, comprehensive primary health care to medically underserved people in the state of South Dakota at the following sites: Rapid City, Isabel, Faith, Eagle Butte, Bison, McIntosh, Murdo, Highmore, Onida, Gettysburg, Howard, Plankinton, Wessington Springs, Woonsocket, Bryant, Lake Preston, De Smet, Mission, White River, Martin, Howes, LaPlant, Pierre, Elk Point, Alcester, and Sioux Falls; and,

Whereas, Community Health Centers have made great strides in the South Dakota health care system, specifically by maintaining high standards of accountability, demonstrating cost-effectiveness, empowering communities to develop programs to meet their specific needs, strengthening communities to enhance opportunities for children and families, and providing health care services in accessible, low-cost environments; and,

Whereas, Community Health Centers have also made a significant difference in the South Dakota health care system by improving access to quality health care provided by trained professionals in areas that had previously been unserved or underserved, promoting individual responsibility and health awareness in the communities, and offering primary preventive health care of the highest quality to reduce preventable deaths, costly disabilities, and communicable diseases; and,

Whereas, There is a critical need to support implementation of Community Health Centers as safety net providers throughout the state of South Dakota as part of an enduring commitment to the provision of primary health care services:

Now, Therefore, I, M. Michael Rounds, Governor of the state of South Dakota, do hereby proclaim the week of August 8 – 14, 2004, as

HEALTH CENTER WEEK

in South Dakota, and I urge citizens to recognize the important contributions of Community Health Centers to the improving of the general quality of life of citizens of the great state of South Dakota.

In Witness Whereof, I have hereunto set my hand and caused to be affixed the Great Seal of the state of South Dakota, in Pierre, the Capital City, this Fourteenth Day of July in the Year of Our Lord, Two Thousand and Four.

M. Michael Rounds, Governor

Attest:

Chris Nelson, Secretary of State
